Statement of significance:

This tree fulfils the criteria of:

- Unique location or context
- Particularly old specimen
- Outstanding size (girth height spread)
- Aesthetic value
- Outstanding example of the species

This large mature Candlebark is prominently located on the street frontage of a school, alongside large open space. It is striking in its setting and makes a major contribution to the local landscape and neighbourhood character. The tree provides significant canopy coverage and amenity to the community. Additionally, it is an indigenous species for this region.

It is a particularly old and large example of the species for the local area, estimated to be over 85 years of age and with outstanding trunk girth and canopy spread.

Due to its size, age and health, this is an outstanding example of the species within the municipality.
