

# HOW TO RECYCLE FOOD WASTE IN YOUR WEEKLY GREEN BIN

## Step one

### Collect food waste in a separate container

Contact us for a kitchen caddy or repurpose any container with a lid.

## Empty food waste into the green bin regularly

Food goes into the bright green-lidded bin with any garden waste.

## Step two

## Step three

### Put the green bin out weekly to be emptied

You can layer food waste with garden waste and other dry materials such as newspaper or pea straw hay.

You can wrap food waste in newspaper, paper towel or small paper bags.

Please do not use plastic bags or compostable liners.

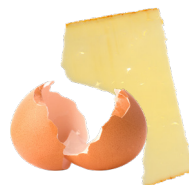

✓ Vegetable and fruit scraps

✓ Meat scraps and bones

✓ Seafood scraps and shells

✓ Dairy leftovers and egg shells

✗ No plastic, compostable or biodegradable bags

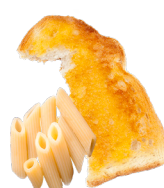

✓ Food waste wrapped in newspaper

✓ Garden waste

✓ Used paper towel and tissues

✓ Bread, pasta, cereal and rice

Biodegradable and compostable bags can't be used in green bins. They are sent to landfill.
