**Diameter at breast height:** 102cm

**Tree Protection Zone (TPZ):** 12.2m

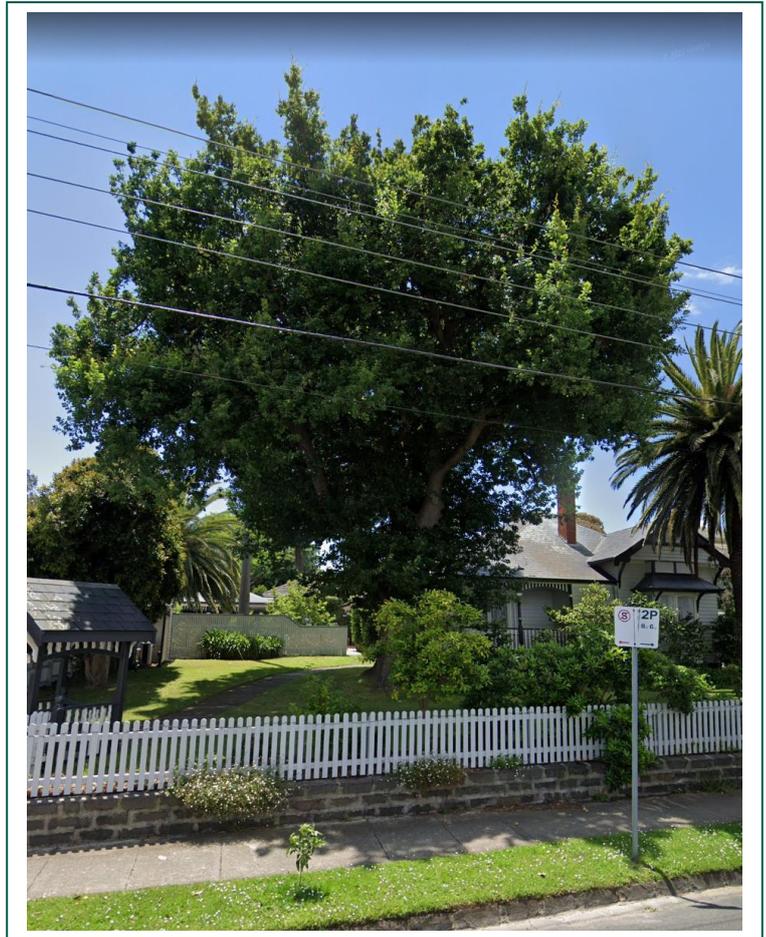

**Tree height:** 18m

**Tree canopy width:** 18m

**Easting:** 326959.6

**Northing:** 5806031.5

**Glen Eira Asset ID:** N/A

### Statement of significance:

This tree fulfils the criteria of:

- Particularly old specimen
- Aesthetic value

This large and well-established English Oak is a particularly old example of the species to be found in a private garden within Glen Eira, estimated to be over 75 years old.

It is a very healthy and well-formed specimen, located prominently in an elevated position within the well-maintained front garden of a corner property. The tree has a high degree of visibility along 2 streetscapes and makes a major contribution to the local landscape. It provides substantial canopy coverage and contributes to the neighbourhood character. The loss of this tree would represent a substantial reduction of amenity and benefit derived by the community.
