Works zone information

A works zone is a parking restriction which provides for a dedicated area on the road carriageway in which only construction vehicles can park. Under Rule 181 of Road Rules — Victoria:

“A driver must not stop in a works zone unless the driver is driving a vehicle that is engaged in construction work in or near the zone.”

Council will consider installing a works zone for construction works under the following conditions:

- Works zones will only be installed along the property boundaries of the site for a maximum of four parking bays (26 metres in total — 4 x 6.5m long bays) with the fees relating to the duration of time indicated below. Additional bays are negotiable at a cost of \$204 per bay per month.
- The works zone will apply between 7am and 8pm Monday to Friday, 9am and 6pm Saturday (excluding any clearway or no stopping parking restrictions or any other location deemed unsuitable by Council).
- Where a works zone is installed in paid parking areas, an additional fee will be charged equivalent to the cost of the maximum fee charged per day for the requested duration of the works zone.
- Works zones may not be permitted in areas occupied by bus or tram stops (or similar) without the written consent of the operator.

Fees

Three months or less	\$1,098 per works zone
Six months	\$1,954 per works zone
Nine months	\$2,539 per works zone
12 months	\$3,101 per works zone
Extensions	\$522 per month per works zone

Do not send payment — you will be invoiced. Fees are to be paid prior to installation.

Conditions of approval

I undertake that the use of the works zone shall be carried out in strict conformity with the provisions of:

Council's Community Local Law 2019 clause 12:

Damage, destruction or interference with Council Land

Council's Community Local Law 2019 clause 13:

Damage, destruction or interference with roads

For the purpose of this law, interference with a road includes the construction of any building or works on a road (including a vehicle crossing between the kerb and a property boundary) except where the building work is regulated by a planning scheme.

Council's Community Local Law 2019 clause 14:

Occupation of roads or Council Land

Environment Protection Act 1970 (Noise Schedule):

Prohibited times — apply to delivery of goods as well as construction activity.

VicRoads terms and conditions of approval:

I certify that I am fully aware of all the Glen Eira City Council's general and specific conditions that apply to the issue of the permit sought by me, and that I will comply with these conditions.

I also undertake to pay the Council or any other authorities all fees and charges in connection with obtaining approval for the works zone.

If approved, a works zone will not be installed until payment has been received.
